

## APPENDIX 1 • PRO TEAM RISK REDUCTION PROTOCOL

Ski Classics Pro Tour events aim to create an elite athlete bubble around Pro Teams and elite athletes at the events and for this bubble to be effective, it requires the cooperation of all Pro Teams and elite athletes. The purpose of the Pro Team Risk Reduction Protocol is to encourage Pro Teams to analyse their behaviour and actions associated with participation in Visma Ski Classics Pro Tour events and to create an action plan on how to limit the risk of bringing infection into the elite athlete bubble at events.

Pro Team Risk Reduction Protocol shall be submitted to [racedirector@skiclassics.com](mailto:racedirector@skiclassics.com), if requested by Ski Classics.

### GENERAL MEASURES

- What general measures is the Pro Team taking to limit the risk of COVID-19 infection within the team?
- Do the Pro Team have any individual of a risk group within the team?
- Have the individuals in the Pro Team gotten tested for anti-bodies against COVID-19? If yes, how many percentages of the team have had a positive anti-body test?
- What strategy does the Pro Team have for testing during the season, both for ongoing COVID-19 infection and anti-bodies?
- What is the Pro Team's procedure if someone within the team shows symptoms of a COVID-19 infection when at home?
- What is the Pro Team's procedure if someone within the team receives a positive result of an ongoing COVID-19 infection when at home?
- How will the Pro Team ensure all members of the team have the latest information about the COVID-19 situation at the event location and the travel restrictions that may apply?

### TRAVEL & ACCOMMODATION

- How will the Pro Team travel to and from the event location?
- What measures are taken during travel to limit the risk of COVID-19 infection?
- Will the Pro Team travel together, or will someone join later on? If someone joins later on, what is the Pro Team's plan to introduce new members to the team?
- What kind of accommodation will the Pro Team stay at in connection to the event?
- Will rooms be shared? If so, what measures will be taken if one individual experience symptoms of a COVID-19 infection?
- Will the Pro Team dine at restaurants or prepare own food?

### IN CASE OF SUSPECTED OR CONFIRMED COVID-19 INFECTION AT EVENT LOCATION

- What is the Pro Team's procedure if someone within the team shows symptoms of a COVID-19 infection on site at event location?
- What is the Pro Team's procedure if someone within the team receives a positive result of an ongoing COVID-19 infection on site at event location?
- What preparations has the Pro Team made for a possible self-isolation of a Pro Team member?
- How will a confirmed a COVID-19 infection be communicated internally and externally?
